

**Do you want to be able to help your neighborhood
and co-workers during an emergency or disaster?
Join the CERT team!**

CERT

Community Emergency Response Team

The Community Emergency Response Team (CERT) program educates people about disaster preparedness for hazards that may impact their area and trains them in basic disaster response skills, such as fire safety, light search and rescue, team organization, and disaster medical operations.

Using their training, CERT members can assist others in their neighborhood or workplace during an event when professional responders like Police, Fire Department or Public Works staff are not immediately available to help.

CERT members can support emergency response agencies by taking a more active role in emergency preparedness projects in their community.

**CERT classes are now being offered through City of Goodyear
to residents over 18 years of age.**

The first 8-week course begins Thursday, April 6 through May 25 from 6:30 to 9:30 p.m.

Classes are held at Goodyear City Hall, 190 N. Litchfield Road, Room 117
